

## Terreal Rustique - New Forest

The Rustique tile has a strong regional identity and traditional aesthetic appeal, making it the ideal solution for authentic roofs and graceful houses. It brings the final touch of elegance thanks to its warm and finely-shaded colours. Made in Normandy, the Rustique is a genuine old-style tile whose varied tones add that note of warmth that makes roofs attractive. With a gentle cross-camber, a Rustique roof emanates subtle textures and character.
